SET OUT ON  
A JOURNEY OF  
FABULOUS ADVENTURE  
— IN LANDS BEYOND THE LIMITS  
OF YOUR IMAGINATION

Choose your destiny — what role to play,  
where to go and what to do.

OVER THE BLOOD-DARK SEA, the countless  
islands steeped in mystery. Every port brings peril —  
from the half-wild settlements on the edge of Ashen-Rome,  
to the forbidden chambers of the necromancer's colleges of Drownsort.  
Every voyage means danger — from murderous pirates and  
cursed ships.

You can choose to be a daring explorer, in search of conquest,  
treasures and power. Or a magical seer, invoking the secrets  
of the ocean to transmute your fate. Or you can answer a  
call to be a merchant, trading precious shipments from the sea  
and across the Golden Strait.

Discover the secrets hidden within all the perils of the sea, and find  
the treasure that will transform your destiny forever. In the  
treacherous waters of the Blood-Dark Sea, the only rule is: *Survive.*
